

# Inclusive Assessment Organisation Partner Program

At Cognassist, we strongly believe in promoting social mobility and upholding principles of equity, diversity, and inclusion. That's why we're delighted to see the following Awarding Organisations partner with Cognassist to accept our Cognitive Diversity Assessment Report as evidence in their judgement of adjustments.

As an End-Point Assessment Organisation or Awarding Organisation could you benefit from...

- > A reduction in time and overheads.
- > The ability to demonstrate clear ED&I support to customers.
- > A resource to support legal and compliance requirements.
- > Improving outcomes for those you're assessing and their training provider.

Is yes, we invite and encourage you to speak with Cognassist today. Sign up for free access using the QR code or button below.
